The 1987 Conference: Rochester, New York

Programs The tenth annual meeting of the Society for Music Theory will be held November 5-8, 1987 at the Rochester Plaza Hotel and the Eastman School of Music of the University of Rochester. The Program Committee, chaired by Robert Morris, has planned ten regular paper sessions (a total of twenty-nine papers) and four special sessions (two each Thursday and Friday evenings). This year there will be no keynote address. Instead, the Program Committee has planned a special Plenary Session, "The State of Research in Music Theory," as one way of celebrating the tenth anniversary of our society. This special event, which comprises eight reports on different areas of research within the broader scope of music theory, has been divided into three consecutive sessions, each chaired by a current or past President of the Society. It is the only event, except for concerts, to be held at the Eastman School of Music, and Robert Freeman, the Director, has graciously offered to host a reception immediately following.

The major social event of the Conference is the banquet (Saturday evening), at which our first President, Allen Forte, will have a few well-chosen words (and hopefully a few jokes) to help us celebrate the tenth anniversary of the SMT. The banquet service at the Rochester Plaza Hotel has planned an outstanding meal at a reasonable price ($26, including wine). I urge all of you to sign up for this historic occasion. I also urge you to attend the following concerts at Eastman, all of which are free: Musica Nova (Thursday, 8 pm); the Eastman Wind Ensemble (Friday, 12:45 pm); and the Eastman Philharmonia Orchestra (Friday, 8 pm). Free bus service will be provided between the hotel and the Eastman School of Music for these events.

Travel and Attractions Rochester is easily accessible by air (Greater Rochester International Airport), bus (Greyhound, Trailways), and car. The Rochester Plaza Hotel provides free transportation to and from the airport; the hotel will send a van to pick you up if you call them on one of the courtesy phones provided at the airport. Once in Rochester, there are several good restaurants (and pubs) within easy walking distance of the hotel (a list will be provided at registration), and there are several worthwhile local attractions, including the following: the International Museum of Photography at the George Eastman House, the Memorial Art Gallery (University of Rochester), the Rochester Museum and Science Center, the Strasenburgh Planetarium, and the Strong Museum. Easily accessible by car are Letchworth State Park ("The Grand Canyon of the East"), the Finger Lakes region (New York State wine country), and, of course, Niagara Falls.

Registration Enclosed with this newsletter are two registration forms, one from the Rochester Plaza Hotel (an envelope), and the other a preregistration form. I urge you to return the former to the hotel by the cut-off date, October 12, in order to guarantee a room. The preregistration form should be mailed to David Beach, SMT Conference, Eastman School of Music, 26 Gibbs Street, Rochester, NY 14604. Registration fees are $30 for regular members and $15 for student and emeritus members. (Registration at the Conference will be $35 and $18 respectively.) Checks should be made payable to the Eastman School of Music/SMT 1987.

Arrangements for Exhibitors Space will be provided at the Conference—beginning 10 am Thursday, November 5—to post notices and to exhibit brochures, books, and equipment. Any journal, publisher, or group wishing to have information put in the registration folders or wishing to reserve exhibit space should write to David Headlam, SMT Exhibits, Eastman School of Music, 26 Gibbs Street, Rochester, NY 14604 for information on procedures and fees. The deadline for reserving space and for receiving materials to be placed in the folders is Friday, October 30.

William Poland
1919-1987

The Society for Music Theory notes with deep regret the death of Professor William Poland on March 8, 1987 in Columbus, Ohio.

"Bill," as everyone knew him, was an early and everlasting supporter of the Society. A generation of music theorists benefited from his acerbic and keen discourse. He was among the first to discuss music theory as a cognitive process, following and deepening the work of his esteemed mentor, Norman Cazden. His paper at the 1985 CMS/SMT/AMS/SEM Conference, "A Theorist's Review of a Century of Musicology," was received with acclaim as a masterful summation of the current state of music-theoretic issues.

Richmond Browne, Secretary
The Texas Society for Music Theory will hold its Tenth Annual Meeting at Baylor University in Waco in the spring of 1988. Probable submission deadline for papers and other presentations will be December 20. For more information, contact Thomas Clark, TSMT President, School of Music, North Texas State University, Denton, TX 76203.

Beginning with this issue, the SMT Newsletter will regularly feature a listing of regional music theory societies in the United States and Canada, including the names of individuals who may be contacted for further information on these organizations. Officers of these regional societies are invited and encouraged to submit items on their current activities to this newsletter.

Caplin Awarded Canadian Grant

Report of the Committee of Review

The Committee of Review has drafted its final report, which it will submit to the Executive Board at the 1987 SMT Conference in Rochester. A summary of the report, cataloging the recommendations that the Committee considers most important, will appear in the Spring 1988 Newsletter.

After the report has been submitted to the Executive Board, any member of the SMT who wishes a copy of the full report may obtain one at cost by writing to Richmond Browne, Secretary of the SMT.
